INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

ACTION International application No. International filling date (day/month/year) (Earliest) Priority Date (dey/month/year) 13/04/1999	Applicant's or agent's file reference	1 (Form PCT/ISA/2	of Transmittal of International Search Report (20) as well as, where applicable, item 5 below.
PCT/US 00/ 09542	5287.01	ACTION	and the second s
Applicant DISCOVERY COMMUNICATIONS, INC. This international Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	international application No.	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of		11/04/2000	13/04/1999
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	Applicant		
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	DICCOVEDY COMMUNICATIONS	TNO	
This International Search Report consists of a total of	DISCOVERY COMMUNICATIONS,	INC.	
It is also accompanied by a copy of each prior and document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this frem. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence fisting: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Unlity of Invention is lacking (see Box II). Unlity of Invention is lacking (see Box III). With regard to the title, X	This International Search Report has been according to Article 18. A copy is being tra	n prepared by this International Searching Auth Insmitted to the International Bureau.	nority and is transmitted to the applicant
It is also accompanied by a copy of each prior and document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence tisting: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of Invention is lacking (see Box II). Unity of Invention is lacking (see Box II). With regard to the tittle, The text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, within one month from the date of mailing of this international search report, submit comments to this Authority. The figure of the drawings to be published with the abstract is Figure No. The figure of the drawings to be published with the abstract is Figure No. None of the figures.	This International Search Report consists	of a total of 4 sheets	
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).
